PUBLIC NOTICE

Winnemucca Indian Colony

Tribal Transportation Improvement Program (TTIP)

FY2026–FY2030 Public Review and Comment

The Winnemucca Indian Colony has prepared a draft Tribal Transportation Improvement Program (TTIP) for Fiscal Years 2026–2030 and is making it available for public review and comment.

The TTIP identifies the Tribe's short-term transportation priorities and projects to be funded through the Tribal Transportation Program (TTP). Projects included in the TTIP are based on the Tribe's Long-Range Transportation Plan (LRTP) and reflect current needs related to safety, access, and system condition.

The TTIP is developed in coordination with the Bureau of Indian Affairs (BIA) and will guide the use of available transportation funding over the program period.

Public Review Period

July 1, 2026 through July 31, 2026

Review Locations
